Direct Support against Poverty in India

- **CURRENCIES:** The maximum funds from noon.ch are spoken in Swiss Francs. Exchange rate fluctuations will impact the exact amount of Indian Rupees reaching the receiving organisation. This effect can be buffered by noon.ch only in a narrow band.
- **CONTROL:** noon.ch is allowed to send its own observers to CFH Foundation. CFH Foundation must provide these observers with all information concerning the activities related to the noon.ch donation. In case of unsatisfying reports from these observers, any further donating may be shortened, stopped or blocked until the situation has improved accordingly.
- **DUTIES:** As stated earlier, the donation will be realized in two tranches each year. CFH organisation must deliver a status report of its activities and successes related to the noon.ch donation every three months. This report authorizes CFH organisation to receive the next tranche of the donation.
The status rapport must contain:
 - Summary of all realised activities, especially those related to the noon.ch donation
 - Proof of realisation on the agreed activities (photos if possible)
 - Details of expenses from the noon.ch donation (budget table)
 - Deviations from the appendix table (planned use of the donation from noon.ch)
 - Comments on the general situation of CFH (finance, staff, interaction with NGO's and government, etc.)
 - Outlook for activities and plans for the upcoming three month period
- **DUTIES:** CFH provides a financial report every 6 months. At least once a year, the financial report must be audited. The FCRA audited financial statement is welcome and can be used as such.
- **TERMINATION:** This Commitment and Agreement automatically renews itself for one more year, if not recalled two months before. The renewal can be recalled by Fax, letter mail or email.
